ROCKEFELLER ARTS CENTER UPGRADES AND RENOVATIONS

State University of New York College at Fredonia
Fredonia, New York

Hamilton Houston Lownie Architects, LLC, teamed with M/E Engineering, designed improvements and upgrades to spaces with the I/M. Pei-designed Rockefeller Arts Center building including: the King Concert Hall, Marvel Theater, Bartlett Theater, art classrooms and the exterior plaza.

The scope included a variety of repairs and improvements including: theater lighting and electrical upgrade, fire alarm and protection system upgrades, ventilation system upgrades, classroom plumbing upgrades, theatrical seating and stage improvements, plaza deck repairs and new plaza lighting.

Project Cost: \$2,100,000
Complete: Planned Bidding in 2005
Client: SUCF & SUNY Fredonia
